? Respected Officer-in-charge PC Salt Lake, Please provide me the copy of document where the government has decided not to reimburse the cost of prescribed insulin pen needle because of which you have sent to my father the recovery notice. My father requested you for it twice over telephone. Delay in providing the same amounts to mental harassment and compounded compensation. On my watch, the court will act not like guru but defender of law and will take stringent action against your and other's illegal conduct in ruining my RTI Investigation into needle and syringe.Thanks.

With regards,
Anirban Chakraborty
